	<b>SECURITY POLICY</b>	Print	26/7/2023

It is the aim of **T.A.G MARINE SDN BHD (TMSB)** to provide a secure working environment for all employees and contractors. The Policy is to protect people, the environment, Company and client assets and operations from risk of injury, loss or damage from criminal, hostile or malicious acts.

All employees, contractors and sub-contractors are expected to always comply with security measures and act within the law. The HSSE Officer will be responsible for notifying to a “Point of Contact” in respective contracting Governments, concerns about other boats, movements, or communications, and to request for advice and assistance.

The Security Policy is to ensure that all crewmembers, contractors, and visitors are briefed on the rules regarding Access Control and Restricted Areas.

It is Security Policy that all entrances to the boats are closed, unless the HSSE Officer decides there are operational reasons to have them open. All open access must be protected.

Necessary access to the boat shall not be prevented for emergency or humanitarian reasons and for security purposes, if control measures have been initiated by officers duly authorised.

Everyone who boards any Vessels will be subject to identification, verification and authorisation prior to access being granted to the Vessel. Those unwilling or unable to establish their identity and/or confirm the purpose of the visit when requested to do so, will be reported to the HSSE Officer and Local Law Enforcement Agencies will also be informed.

Everyone who boards any Vessel is liable to be screened, including physical search, for the possession of prohibited items.

All those wishing to board any Vessels must provide a photographic identity document. Persons refusing to comply with Security Policy will be denied access and reported to the relevant authorities.
